2800 Authority of the College President

I. Authority

The College President is appointed by the College Board and is directly responsible to the Board. The College President is the chief executive officer of the institution. The Board evaluates the College President, acknowledges the College President's recommendations, while providing resources to the College President to complete the respective duties.

II. Duties

The College President is responsible for the completion of duties relating to Wyoming statutes, College policies, and procedures. The College President has authority and responsibility for the (well-being) of College finances, records, buildings, grounds, personnel, students, business, support services, and instructional activities.

Additional duties and classification are delineated in the College President's position description and contract.

III. Conditions of Employment

The terms of the College President's employment shall be at the will of the majority of the Trustees with terms as detailed in the Presidential Employment Contract.
